

International Day of Peace 2021

Ms. So-hee Lee

Ms. So-hee Lee is a junior in public administration at Seoul Women's University, Seoul, Korea. As the Secretary General of Korea UNESCO Student Association 'KUSA', I conducted various campaigns related to various topics, and participated in alliance activities with other colleges.

We ran the campaign about "International Day of Clean Air for blue skies" this year, which is the first UN anniversary proposed by the Korea. So, in order to promote environmental protection, we conducted a campaign to announce how to recycle delivery boxes properly.

I have a lot of interest in feminism, so I am happy to going to run the campaign about "Orange the World" in the second half of this year, which is about the "International Day for the Elimination of Violence against Women". This slogan means a bright future and liberation from violence against women. To create a world without violence against women, we should be interested in various violence cases and try to have gender sensitivity. Also we have to realize that there is a lot of sexual discrimination in our daily life. Ultimately, we have to know about feminism and I will try my best to make these things happen.

International Day of Peace (September 21)
