

International Day of Peace 2021

Ms. Su-yeon Jung

Ms. Su-yeon Jung, majoring in Buddhist studies at Dongguk University, is the executive member of the UNESCO Student Association of Korea, "KUSA". As an executive member, I planned various activities of KUSA.

I'm a freshman and participated in gender-themed session planning at the 40th international day of peace. It is the first time to organize and plan a session on an international stage, but I would like to participate in more activities through this conference.

International Day of Peace (September 21)
